Subject: Slices Decommissioned 5/4

CAUTION: External Email

Hello Daniel,

Thank you for completing our annual inspect yesterday.

I am attaching the pictures concerning Slice's violation.

I have shut off the gas supplies and all power to the appliances.

I could only pull forward the appliances as you will see in the attached pictures.

Thank you for your help in resolving this issue. Please let me know if any other department needs notification.

Sincerely, Rob
